“Last Painting of Sara de Vos”
Dominic Smith

"Smith’s latest novel is a rich and detailed story that connects a 17th-century Dutch painting to its 20th-century American owner and the lonely but fervent art student who makes the life-changing decision to forge it. This is a beautiful, patient, and timeless book, one that builds upon centuries and shows how the smallest choices—like the chosen mix for yellow paint—can be the definitive markings of an entire life."
